Summary

A dedicated Full Stack Web Developer with strong expertise in HTML, CSS, JavaScript, React.js, PHP, WordPress, and modern web frameworks. Skilled in both front-end and back-end development, I focus on creating responsive and dynamic web applications, custom WordPress plugins, and seamless API integrations. Experienced in building custom Gutenberg blocks, optimising site performance, and delivering high-quality solutions. Adept at problem-solving, collaborating with teams, and staying current with emerging technologies and best practices. Passionate about coding and continuously refining my development skills.

Skills

Languages: HTML, CSS, JavaScript, PHP, C++, C

Frameworks: React.js, WordPress, BootStrap, Tailwind.CSS

Tools: Github, Git, VS Code, Elementor
